ABOUT ME

I've been shooting since I was 7 and have been working as a pro since 2022. I run HTG Media, where I handle everything myself from the shoot to the final edit. I've covered 100+ events and sports matches on my own, so I'm used to working fast and getting the shot in high pressure environments.

Between balancing Grade 11 at school and covering major events in Qatar, I've learned how to manage the whole process: photography, videography, branding, and design.

I'm a tech guy at heart who loves finding the best way to get a project done. If you need someone who knows the gear, the software, and how to get results, I'm your guy.

WORK EXPERIENCE

• Founder & Lead Photographer | HTG Media

I run a media house specializing in high-action sports coverage, professional branding, and video production.

• Freelance Photographer | ZUMA Press

Contributing professional-grade photography for global distribution to major international news outlets.

• Freelance Photographer & Media Representative

I've built my career by delivering reliable, high-end media for some of Qatar's biggest international stages.

- Major Events: FIFA Intercontinental Cup (2025), FIFA Arab Cup (2025), FIFA U-17 World Cup (2025), H.H. The Amir's Sword International Equestrian Festival, Match for Hope (2026), Amir Cup (2026), Qatar UAE Super Shield (2025), Gulf Games (2026), AGCFF U23 & U17 Gulf Cups (2025) and Wanda Diamond League - Doha (2026).
- Conferences & Culture: MWC Doha (2025), World Rapid and Blitz Chess Championships (2025), 34th Doha International Book Fair, Doha Forum (2024), EXPO 2023 Doha, WebSummit Qatar (2024), and Passage to India (2024).
- Community: Partnering with Extreme Sports Qatar, Qatar Foundation (Minaratein Center), and other cultural groups.

OBJECTIVE

"I'm looking to work with established pros on bigger projects. I've done the solo grind for 100+ events, and now I want to jump in with a team where I can learn from people who've been doing this for years, while still putting in my own work.
